»Helmholtz Visiting Researcher Grant«

The Helmholtz Visiting Researcher Grant funding is awarded by the Helmholtz Information & Data Science Academy to the most qualified information and data scientists applying to the Helmholtz Association as guest researcher from other institutions.

The Helmholtz Visiting Researcher Grant offers unique opportunities and generous funding to doctoral and postdoctoral researchers. The participants are supported to pursue short-term research stays at a Helmholtz Center, to utilize their exceptional techniques in foreign research programs or other application domains, and to significantly broaden their scientific portfolio.

The participant was evaluated and selected by the reviewers appointed by the HIDA steering board and has successfully completed the program as stated below.
